

CA. Partha Sarathi Mishra

Heartfelt greetings,
Dear friends!

The theme for the conference is "Towards new frontiers-opportunities and challenges". Why we zeroed in on this, is primarily because we were keen to throw light upon the various challenges that the CA of the day has to overcome and the several opportunities that come his way. Taking a cue from our ICAI President, who has set this as his motto for 2014-2015, I believe we are indulging ourself in a very rewarding contemplation, as per the present scenario.

Life is all about renovating the remains and revealing ravishing results. We must echo this frain in all our everyday happenings. The spirit of our institute also compels us to go ahead and bring the change and this time, we have been in tune with the requisites of the day. From upping the I.T. paraphernalia for the benefit of the students to organising a national conference on indirect taxes to increase our members' awareness- we have indeed conquered many a milestone in the path towards redefining the magnanimous aura of our institute.

With each passing year, a higher benchmark is being set and achieved and this year is no exception. With the help of the Managing Committee members and others who have rendered their help, I could bring for you, the best of speakers with the most relevant issues as agenda, and a day more in addition to the traditional 2 day conference, with a hope that you have an unmatched experience.

Concluding with the ultimate manner, Rudyard Kipling sought to invite the opportunity your way,

If you can fill the unforgiving minute

With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And—which is more—you'll be a Man, my son!

Awaiting you, with open arms,

CA. Partha Sarathi Mishra

Beginning with a pre-condition for overcoming challenges,
-If you can meet with Triumph and Disaster
And treat those two impostors just the same;-
